Subject: Resolution Authorizing the Execution of a Joint Participation Agreement (JPA) Between Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) and the Florida Department of Transportation (FDOT) to Provide Grant Funding in the Amount of \$250,000.00 for Landscaping Improvements Along Various FDOT Maintained Roadways.

Recommendation

It is recommended that the Board of County Commissioners approve the attached resolution authorizing the County Mayor or Mayor's Designee to execute a Joint Participation Agreement (JPA) between Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) and the Florida Department of Transportation (FDOT). The agreement establishes the terms and conditions for disbursement of FDOT grant funds in the amount of \$250,000.00 to reimburse PROS for the cost of design and installation of landscaping along various FDOT maintained roadways throughout Miami Dade County.

Scope

The scope of this Agreement is Countywide.

Fiscal Impact/Funding Source

The fiscal impact to the County will be from annual maintenance activities. The cost of these maintenance activities total \$4.67 per tree, per year for every tree planted under this agreement (Attachment A). The funding for these maintenance activities comes from the existing budget of the Right of Way Aesthetic and Assets Management Division of PROS, index code PRERAM277801. The funds utilized by the various municipalities have no fiscal impact to the County from landscape projects completed under this agreement.

Track Record/Monitor

The agreement will be implemented and managed by David Cardenas, Chief, PROS Right-of-Way Aesthetic and Assets Management Division and Gina Drakes, PROS Grants Manager will monitor the grant funds.

Background

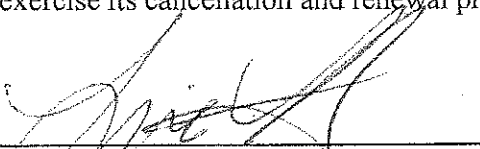

FDOT has provided \$9,250,000.00 in funding since 2001 to support the County's roadway beautification efforts. The County will be conducting tree planting operations on State arterial roads throughout unincorporated Miami-Dade County. Various municipalities will also design and install landscape projects on State arterial roads within their respective municipal limits,

accessing the agreement by presenting project proposals to the Miami-Dade County Landscape Committee.

The proposed agreement provides for the preparation of landscape design plans for mutually agreed upon sites and for FDOT review and approval of plans prior to the commencement of landscape installation. The County is responsible for obtaining all necessary permits and must execute a landscape maintenance agreement for each planting location.

The attached agreement must be completed and all invoices provided to FDOT on or before June 30, 2016 in order for PROS to be properly reimbursed. If not completed within the time period, this agreement will expire unless an extension of the time period is requested and granted in writing by FDOT. Expiration of this agreement will be considered termination of the project. The resolution authorizes the County Mayor or Mayor's designee to execute the agreement and to exercise its cancellation and renewal provisions.
